public. Prataap Snacks will approach in- it was in 2015," adds Saraf. vestors on Dalal Street to raise ₹500 crore this year. Merchant bankers to the issue, in all probability, will advise it to price its

maker — and not of the silicon variety but what works in its favour is margins in this activity (net revenues from operations increased at a CAGR of 30% between 2014 and 2016), sector growth rate (demand for chips is expected to grow 11% per annum) and that it is a consumer business.

Like Prataap Snacks, over two dozen public issues of all hues - mostly pedigreed businesses - will hit the stock markets this year to raise equity capital of ₹21,000 crore, according to data provided by Prime an attractive Database (see In the Pipeline in 2017).

Along with pedigree, the pipeline is also conspicuous for its diversity. It has Rathi Financial Services. in it stock exchanges NSE and BSE; depository service provider CDSL; logistics and warehousing firms Seaways Shipping and Continental Warehousing Corp; publisher S Chand & Co; luxury/fashion label owner Genesis Colors and FM radio operator Music Broadcast, among others.

new issues has not been so good in a long time," says Ajay Saraf, executive director, ICICI Securities, an investment bank. You may be wondering why —at a time

when much of India Inchas been rattled by the demonetisation effect, GDP growth estimates have been revised and the Sensex has lost over 3% since November 8— has the appetite for public issues not been hit? the company had priced its issue appropriment in such stocks at ₹1 lakh.

ig-hearted are we, goes the rough That feel-good is expected to continue market price is around ₹318. translation of the catchline of in the current year. Consulting. "Promoters are willing to price their IPOs fairly, leaving some money on the table for investors." Bhattar Prataap Snacks may be a humble chip freshopportunities for investors. It helped ing) in 10 days is better than 15% gains that many are profit-staying invested in secondary markets."

Bumper Year

innewbusinessideas Meanwhile, issue sizes are increasing, not common in the which may indicate an increase in invesmarket. It's always tor interest - but only as long as there's easy to pitch a new no sudden drop in indices. "This year we expect the average issue size to move up from ₹450-500 crore to about ₹700 crore," were many new ideas explains Narayanan Sadanandan, executive vice-president of SBI Capital Markets. He does add, however, that promoters are vice president (equi- moving with caution. "There's appetite ty advisory), Anand for large issuances... But if there's a market correction around the corner, compa-That said, a stable secondary market nies will wait till March for more clarity. What may also drive more money to the primary market is an expected drop in

bank deposit rates. Brokers say this could pave way for the IPO emerging as an attractive investment category this year.

Beyond large issuances, a swathe of SME issues - by companies with top lines between ₹50 crore and ₹80 crore — hit the market in 2016. As investing in SMEs is considered risky, mainly on account of low liquidity and higher probability of (business) failure, capital market regulator Sebi has kept the minimum invest-

against 43 in the previous year. SMEs collectively raised ₹539.77 crore in 2016 vis-à- days to as low as six working days," says vis ₹265.28 crore in 2015 and ₹315.37 crore Haresh Hinduja, head of primary market Merchant bankers draw 1-2% of the issue in 2014. "We also saw oversubscription in a at Link Intime, a prominent share regisfewissues," savs Mahavir Lunawat, MDof try. "Shortened timelines allow people to Pantomath Advisory Service, a merchant participate in more IPOs." banker specialising in SME issuances. "We're seeing significant HNI interest in these... We've even had a few funds and banks investing in issuances managed by us." Lunawat said the pipeline is "very robust" this year. "Even if banks lower rates, well-run SMEs may want to tap equity market this year as debt funding alone may not satisfy capex and working capital needs."

Merchant Bankers' Day Out!

"One positive change is that IPO time-
